ACHIEVEMENTS AND BENCHMARKS

- 1.4 million pounds of trash were removed in 2010.
- After a tornado hit Atlanta in 2008, the Clean Team removed 48,000 pounds of debris before the City of Atlanta was able to respond.
- ABM's flexibility allows for expanded services to include the Atlanta Downtown Improvement District's (ADID) headquarters building.
- ABM has developed strong relationships with service workers in other buildings and areas not serviced by ABM, enabling all to work together to help Downtown Atlanta flourish.

VALUE RETURNED

- ADID is kept appealing and clean through continuous, structured maintenance operations, supporting a problem-oriented approach to community improvement, as opposed to an incident-oriented one.
- Realized building and cost efficiencies in the ADID headquarters building.
- Quick responses with equipment and personnel for special requests, projects and emergencies.
- Quality staffing, prompt management support, and efficient billing.

For over ten years, ABM has been providing technical expertise, specialized equipment and customized maintenance to 220 blocks in Atlanta.
